

PROGRAM MANAGEMENT PROFESSIONAL (PgMP®) Exam Prep

Duration:	3 days
Technical :	11
Leadership:	6
Strategic:	7
TOTAL PDUs:	24

COURSE OVEVIEW

Program management is the centralised, coordinated management of a program to achieve the program's strategic benefits and objectives. Organisations are increasingly seeking to better integrate and coordinate multiple projects to deliver business value. A Program Management Professional (PgMP®) oversees programs, defines projects and assigns project managers.

Be Recognised for Your Elite-level Capabilities

PgMP® certification is PMI's most elite qualification - proving that you have the advanced experience, knowledge and skills necessary to define and oversee multiple projects, and deliver on important organisational objectives.

The Project Management Institute's Program Management Professional credential (PgMP®) defines the global standard of best practices for program management professionals. As a result of attending this course, you will be equipped with the knowledge and skills to successfully deliver programs in real world and prepare for the PgMP® certification exam. Good Program Management practices are crucial for a successful Program Benefits. Delivering timely and maximising resources to produce quality results are crucial.

TARGET AUDIENCE

This training module is for Program managers, Project managers, VPs/AVPs, PMO / PMO consultants and anyone leading large-scale program.
